POSSESSORY CERTIFICATE.

Rio Grande Project,
El Paso, Texas, December 1, 1921.

I, Geo. W. Headley, Assistant Engineer, United States Reclamation Service, certify that I have personally examined the land sought to be acquired by the United States from Juan S. Hart Estate, in the city of El Paso, El Paso County, Texas, for the Rio Grande project, as more fully described in agreement to sell dated December 1, 1921, and that the said proposed Vendor was in actual, sole, and exclusive possession of the land, claiming to be the owner thereof, and no person claiming a right in such land adverse to the Vendor is in possession of any part of it.

GEORGE W. HEADLEY

Assistant Engineer.

REPORT ON LAND AGREEMENT

DEPARTMENT OF THE INTERIOR
UNITED STATES RECLAMATION SERVICE

INFORMATION relating to agreement made **December 1 1921** 191 , with

**Thomas F Davis, Executor of Estate of Juan S. Hart,
Deceased.**

for the purchase of land required for **Franklin canal heading**

purposes, **Rio Grande** Project, **El Paso**

County,

1. State description and approximate area of land to be conveyed. **0.36 acre in west part of
city of El Paso, as described in agreement to sell.**

2. State nature, number, and date of entry by which it was acquired under public land laws, also date of final certificate and patent, if such have been issued.

Land is part of a Mexican grant. Title is not founded on U.S. Patent.

3. State names of the owners, post-office addresses, and county and State of residence. Give names of wives and husbands; if unmarried, widow, or widower, so state.

**Juan S. Hart Estate. Examination of probate records shows that
Thomas F Davis is executor with power to sell.**

4. State who is in possession of the premises to be conveyed, or of any part thereof, and if a tenant, give his name and post-office address. If the land is held under a lease, state the general terms of the lease, and the date when the tenant is to give up possession.

**Juan S. Hart Estate. No leases. United States has been in pos-
session for a number of years.**

5. Also state whether land is subject to right of way by virtue of contract with water users' association or other agreement.

It is not.

6. State how much of the land is under cultivation, to what kinds of crops with area of each crop cultivated, and how much is not cultivated but is capable of being brought under cultivation, as well as the general character of such land; also the condition and kind of improvements, if any. Give a detailed estimate of the value of all important improvements of the land, such as buildings; *also the amounts and values of the several classes of land.*

This land was, in a measure, cultivable. Has been occupied for some time by existing head-works. The consideration to be paid was fixed by taking an average price per acre, \$2071, as found by averaging city and county assessments. The high price is due to the fact that the land lies in the city of El Paso and is at a desirable site for residences.

7. If any portion of the land is irrigated, state what water rights go with the land and how much of the cultivated and how much of the uncultivated land is capable of irrigation.

All of the land was irrigable.

8. State the selling price of similar land in the vicinity.

Present market values would probably come fairly within the estimate as to price per acre given above.

9. State fully any other matters relative to the land or to the purchase that may be of interest to the Government, especially concerning possible injury or benefit to other portions of this tract.

Head-works is of no special benefit to this land.

The above is a correct statement of the information procured.

Dear Sir:

Reference to strip of land along canal within the Hart homestead near the old dam north of town, and needed by the US Reclamation Service to strengthen the canal, I submit the following figures to show how I obtain price of the strip; \$745.56

Hart homestead in El Paso, Texas 7 acres.	
Valuation for taxes, county and state,	\$8000.
Basis, 50% of market value. Value of one acre,	\$1143.

Valuation for city taxes, 1921,	\$21000.
Basis 60% of market value. Value of one acre,	3000.

Adding these two values of one acre, \$3000 & \$1143.: \$4143 and dividing by 2 for average, gives \$2071 for an acre, and 36/100 acre, area of strip, will be \$745.56

The general power of attorney from the heirs of Juan S. Hart to me, under which I act in all matters connected with the estate, as executor, was recorded 10:37 AM November 5, 1919 in office County Clerk El Paso County, Texas by B.B. Edwards, deputy, 336/531, Compared 16244, Indexed M.

The abstract of title of the Hart homestead will be left with the Pioneer Abstract Company as you requested Oct. 31 ult.

While title is not evidenced by deeds or other instruments of conveyance, but rests solely upon limitation and prescription, this deed is understood and intended to cover the transfer of rights of way reasonably necessary for the successful operations of the canal and appurtenant structures, as they exist under present conditions, said right of way to be fifty (50) feet in width from the canal head to the east line of Washington Park Addition to the city of El Paso, a distance of 27,842 feet, more or less; thence sixty (60) feet in width to the east line of the Verde Addition to the city of El Paso, a distance of 3,802 feet, more or less; thence eighty (80) feet in width to the end of the Canal, a distance of 132,245 feet, more or less; thence fifty (50) feet in width along the tail ditch to the Rio Grande, a distance of 720 feet, more or less.

To Have and To Hold the said premises above bargained, sold and described, with the appurtenances, unto the said party of the second part, its successors and assigns, forever; and the said party of the first part, for itself and its assigns, doth covenant and agree to and with the said party of the second part, its successors and assigns, that at the time of the sealing and delivery of these presents, it was well seized of the premises above conveyed, as of a good, sure, perfect and inchoate estate of inheritance, in law, in fee simple, and had good right, full power and lawful authority, to grant, bargain, sell, and convey the same in manner and form

aforesaid, and that the same are free and clear from all former and other grants, bargains, sales, liens, taxes, assessments and incumbrances, of what kind and nature soever, and the above bargained premises in the quiet and peaceable possession of the party of the second part, its successors, heirs and assigns, against all and every person lawfully claiming or to claim, the whole or any part thereof, the said party of the first part shall and will warrant and forever defend.

In Witness Whereof, the said Franklin Irrigation Company by resolution of its stockholders, and of its Board of Directors duly adopted at legal meeting, has caused its corporate name to be hereunto subscribed by its president, and its corporate seal to be hereunto affixed, the day and year above written.
