Subject:

1. Your form letter dated January 24, 1920, transmitting the above mentioned quit claim deed is acknowledged.

2. The deed has been approved but for future guidance your attention is called to the fact that the description in the deed omits to give the distance of the last course, which is shown on the accompanying blue print to be 166.5 feet. This should have been inserted but in as much as the description given in the deed can be tied to points named, the requirement is waived in order to avoid further delay and again recording the instrument.
