- 2. In consideration of the premises the vendor further agrees upon receipt of notice that this agreement has been approved by the Comptroller or Director of the Reclamation Service to furnish promptly, at his own expense, an abstract of title which shall later be extended to include any instruments subsequently recorded in connection herewith and also the record of the conveyance made pursuant to this agreement: Provided, That if the vendor fails or refuses to furnish proper abstract of title within sixty days after notice that this agreement has been approved, or if within such period written request be made by the vendor, such abstract may be procured by the United States at the expense of the vendor and the cost thereof deducted from the purchase price.
- 3. The vendor further agrees to procure and have recorded at his own cost all assurances of title and affidavits which he may be advised by the proper Government officials are necessary and proper to show complete title in fee simple unincumbered, and the time spent in procuring, recording and transmitting the same to the officer acting on behalf of the United States (and in furnishing or securing abstract of title) shall be added to the time limit of this agreement.
- 4. And for the same consideration the vendor agrees to execute and deliver, upon demand of the proper officer of the United States at any time within the continuance of this agreement, a good and sufficient deed of warranty conveying to the United States good title to said premises free of lien or incumbrance.
- 5. In consideration whereof, the United States agrees that it will purchase said property on the terms herein expressed, and upon execution and delivery of such deed and the signing of the usual Government vouchers therefor, and their further approval by the proper Government officials, it will cause to be paid to the vendor as full purchase price and full payment for all damages for entry upon the above-described land and the construction, operation and maintenance of reclamation works under

# said act, the sum of THREE BUNDERD SEVENTY and SO/100(\$270.00)

....dollars, by U. S. Treasury warrant or disbursing officer's check.

- 6. Liens or incumbrances existing against said psemises may, at the option of the United States, be removed at the time of conveyance by reserving the amount necessary from the purchase price and discharging the same with the money so reserved, but this provision shall not be construed to authorize the incurrence of any lien or incumbrance as against this agreement, nor as an assumption of the same by the United States.
  - 7. It is agreed that the vendor may retain possession of said premises until-

## notwithstanding earlier delivery of the deed as

herein provided, and may harvest and retain the crops thereon until proper and agents of the United States may at all times have unrestricted access to survey for and construct reclamation works, telephone and electrical transmission lines, and other structures and appliances incident to said reclamation works, pursuant to said act of Congress, free of any claim for damage or compensation on the part of the vendor.

- 8. This agreement shall become effective to bind the United States to purchase said premises immediately upon its approval as above specified, and shall terminate by limitation at the expiration
- of months from its date, unless extended as above provided, and shall inure to the benefit of and be binding upon the heirs and assigns of the vendor, and also the assigns of the United States.
- 9. No Member of or Delegate to Congress, or Resident Commissioner, after his election or appointment or either before or after he has qualified and during his continuance in office, and no officer, agent or employee of the Government, shall be admitted to any share or part of this contract or agreement, or to any benefit to arise thereupon. Nothing, however, herein contained shall be construed to extend to any incorporated company, where such contract or agreement is made for the general benefit of such incorporation or company, as provided in Section 116 of the Act of Congress approved March 4, 1909 (35 Stat., 1109).

Yuba City, California, P.O. Box 115.

July 23,1918.

From District Counsel Edwin H. Peery,

To C.F. Harvey, Clerk, El Paso, Texas.

Subject: Purchase from Elizabeth Bowington of land for Rio Grande Project, N. M., -Tex.

- 1. I have your letter of the 17th stating that the vendor, Mrs. Elizabeth Bowington will probably be unable to show a continuous helding of the land to be purchased under the defective deed mentioned in the abstract at entry No. 22, to which attention was called in my former opinions.
- 2. You state that Mrs. Bowington took title to this land under deed dated July 10,1907. Under these circumstances it will be sufficient if she makes affidavit that she has since the date of her said deed held the land claiming ti-tle through the defective deed referred to, as a part of her chain of title. Presumably there will be no difficulty in her making such an affidavit.

Edwin H. Peery.

State of Texas, County of El Paso, es:

I DO SOLEMNLY SWEAR That K. N. Bowington, now deceased, who was my lawful husband on July 10, 1907, took title to and possession, together with myself, of land described as Survey No. 102 of the San Elizario Grant, El Paso County, Texas, in which is included part of the land described in agreement to sell dated February 16, 1918, and recorded in Book of Deeds 318, page 460, and that, as to my interest in said Survey No. 102, I have held, since July 10, 1907, to the present date, continuous possession with, and since the decease of, said K. N. Bowington.

Mr. U. S. Goes, Attorney at Lew, 306 Mills Building, El Paso, Texas.

Dear Sir:

Inclosed is an affidavit for Mrs. Bowington to swear to and which we believe will answer the requirements of the case in clearing the criticism to her title.

There is also inclosed a warranty deed for execution by Mrs. Bewington and return to this office.

With this deed recorded and the abstract brought up to date, which matters we will attend to without delay, we will be in a position to make final payment.

Very traly yours.

I HEREBY CERTIFY That the land described in attached agreement dated February 16, 1918, with Elisabeth Bowington, is necessary for purposes authorised by the Reclamation Act, vis: for right of way for the El Paso Valley Mesa Drain, Rio Grande Project, New Mexico-Texas.

In my opinion the consideration agreed upon is reasonable and I recommend that the contract be approved.

### El Paso, Texas, July 17, 1918.

From C. F. Harvey, Clerk,

To Edwin H. Peery, District Counsel, Los Angeles, Cal.

Subject: Land purchase to be made from Elizabeth Bowington - Rio Grande project.

- 1. Receipt is acknowledged of your letter of the 13th instant.
- 2. We are paying the taxes due, and I have examined the probate records and made a certificate which will getisfy the requirements as to indebtedness against the estate.

  Mrs. Bowington is independent executrix of the estate.
- 3. In reference to defective description appearing in entry No. 22 of the abstract, I note you will waive this defect "if an affidavit is furnished reciting the erroneous description, the intention to convey said Lot 102, and that the grantees in the deed, naming them, and their successors in interest have since the date thereof held and claimed said lot or survey under said deed."
- 4. If these facts must be sworn to by some one that knows personally who was on the land all this time. I am afraid that Mrs. Bowington will never be able to show satisfactory title, as there does not appear to be anyone on earth that can make such a statement. As stated in our last letter, this deed is pretty old, and Mr. Goen, attorney for Mrs. Bowington, is not personally acquainted with the parties who took title under the instrument in question and can suggest no one that is. There seems to have been some land speculation by Kansas people, and these are not known even to certain El Paso residents who have been interested in this land or near-by tracts.
- 5. Bowington took title to Survey 102 under a deed dated July 10. 1907, or more than ten years ago, and it is possible that a certificate could be secured from Mr. Goen and one Kellogg, who is familiar with the land in this vicinity, as to the quality of the Bowington possession since the date named.
  - 6. I await your further suggestions.

- 11. The old Spanish grant to Fray Joaquin de Ynojosa may safely be disregarded as to the premises here involved. Whatever title may have passed thereby has as to this property been barred by limitation. The grant appears to have been made May 19,1692. It was recorded October 10, 1917 in Book 287, page 299. Persons purporting to be the heirs of Fray Joachin de Ynojosa, under date of January 19, 1911, conveyed 205,000 acres to Ignacio Balli, which deed was recorded October 8,1917, in Book 313, page 347.
- 12. Ignacio Ealli conveyed the same property by asse of January 29,1915, recorded March 25,19155, in Book 255, page 510.
  On December 24,1917, there was filed for records and recorded in Book 316, page 362, a purported official measurement made November 18,1796, by which there were set off 20 leagues of land on each side of the Rio del Norte, the measurement beginning on the west bank of the river a short distance from the church of Cinecue.
- 13. The disposition of realty men of El Paso is to disregard this title. It is clear though that if it be given full effect, it would simply pass title from the severeign and set a in motion the statute of limitations as to adverse claims of title.
- 14. Taxes as shown at entry Ko.74, and subsequently accruing taxes, should be paid.
- 15. When the above matters have been satisfactorily adjusted, the agreement of sale may be proceeded with in the usual course, the papers, howver, being submitted for final consideration, before the sale is concluded.

- 1. Abstract No.15067 of the Southwester Title and Abstract Co.,
- 2. Agreement of purchase.

- it is based. The difference is so great as to lead to the supposition that in copying the description from the records a mistake might have been made and a part of another description substituted. I think, however, the description might be accepted, in view of the age of the deed, and possession under it, but an effort should be made to correct the error.
- 5. The deed of trust under which the trustee made sale and gave the deed mentioned in the preceding paragraph, should be more fully abstracted so as to show the conditions under which the sale should be made and deed given, in order that it might appear whether the trustee conformed to his powers. This is the more important as there are a number of liens and transactions cut off by this trustee's deed, among which is the title of the El Paso Townsite Company (Ent. No. 37.) In this latter case a number of conveyances were made subsequently to the trustee's deed, and the inference might be drawn that the parties thought of contesting the trustee's deed.
- 6. A vendor's lien is reserved at entry 21. The vendor afterwards became vested in an undivided share of the title and the lien would merge with the title as to his undivided interest, but probably not as to the others. Hower, the vendor in whose favor the lien was reserved afterwards joined in a warranty deed to the property, and this would absolutely estop him from asserting the lien.
- 7. Vendors' liens have been reserved at entry No.27 in favor of H.H.Richardson, afterwards transferred to the Rio Grande Valley Trust Co., (entry 28); at entry No.46 in favor of Laura A.Loomis; and at entry No.52 in favor of J.F.Primm. It should be made to appear that these liens have been removed.
- 8. At entry No. 22 a part of the description seems to have been omitted. This is probably a clerical error and should be corrected if it is. Also L.T. Chalkly takes title by this deed, but at entry No. 23 T.H. Chalkley conveys. This discrepancy between the name of the grantee and corresponding grantor should be explained. Also M. Summerfield takes title by deed entry No. 22 and signs deed No. 23 as H. Summerfield, although the initial "M" appears in the deed and acknowledgement.
- 9. A lease is shown at entry No.53, but it has expired by its terms, and unless some one is in possession under it, the same may be disregarded. The possessory certificate will dispose of this question.
- 10. It should be shown that the indebtedness of the estate of E.N.Bowington, deceased, has been paid, or is not a lien. Bowington died December 23,1916, and the statute of limitations has not run against his indebtedness.

Subject: Opinion on title of Mrs. Elizabeth Bowington to land for Mesa Drain, Rio Grande Project, New Mex., -Tex.

- 1.I have examined the abstract furnished in connection with the proposed purchase from Elizabeth Bowington pursuant to the agreement of January 16,1918, executed by her in her individual capacity and as independent executrix of the estate of K.N.Bowington, deceased, of a strip of land 120 feet wide extending scutheasterly through Lot 4 of Block "C" and Survey No. 102 in the San Elizario Grant, in El Paso County, Texas, containing 6.60 acres. The strip is also located in the Swinei, the Nasei and the Seisei of section 12, Twp. 33 S. Trange 7 E., of the U.S. Reclamation Survey. The consideration named in the agreement is \$370.00.
- 2. No other papers, except the agreement, is furnished, and this is the first examination of the title, no previous opinion of the district counsel having been furnished. From my examination I find the following matters should be adjusted in order to make the title satisfactory:
- 3. The two tracts or surveys referred to in the description in the agreement adjoin and are shown by a plat in the abstract, entry No.4. The descriptions under which the vender takes title give the north and south lines of survey No.102 as extending 69° northeast and southwest, while the courses in the plat show the direction to be the same number of degrees southeast and northwest. These directions do not concern the puzchase except as it shortens the width and so limits the length of the strip purchased. I think however, as the descriptions refer to the number of the survey, the lines must be accepted as laid down in the plat, and the error in description may be waived, especially as the deeds giving them are of long standing.
- 4. The title passes through a trustee's deed (Ent.20), dataled July 27,1893. The description given in the deed, after referring to the point of beginning and stating the first course correctly, varies essentially from the true descripas given of the survey or lot as well as from the description given in the deed of trust (entry No.18) upon which

THIS IS TO CERTIFY That I have personally examined the probate records of El Paso County. Texas, and find the following in reference to the K. N. Bowington Estate:

Court order dated December 14, 1916, appointing Elizabeth Bowington as Independent Executrix under the will of K. N. Bowington directing that she be so appointed and "that no action shall be had in the County Court in the administration of my estate, than to prove and record this will and to return an inventory and appraisement of my estate, and list of claims."

In the inventory and appraisement of said Estate, approved by the Court March 8, 1918, the following appears:

"Neither the Executrix nor the appraisers are sware of any claims of debts owing to said K. E. Bowington, except the following: Hone."

This is the last paper filed in the above probate record.

Subject: Purchase of land from Elizabeth Bowington, for the Rie Grande Project, N. M.

- 1. Your letter without date returning abstract in the matter of the above purchase was received today. My opinion on the title with suggestions as to curing defects, was sent you June 22nd last.
- 2. It appears from your letter that practically all objections noted in my opinion as material, or as to which an effort should be made to have removed, have been removed, except an erroneous description in deed No.22 of the abstract, a showing of the payment of the indebtedness of the estate of K.N.Bowington, and taxes, as shown at entry No.74.
- 3. The title passed through the deed abstracted at entry No. 22, which deed is dated June 22,1898. The error in description is apparent on its face, and it is also apparent that the intention was to convey lot or survey No. 102 of the San Elizario Town Grant. The defect may be waived if an affidavit is furnished reciting the erroneous description, the intention to convey said lot 102, and that the grantees in the deed, naming them, and their successors in interest have since the date thereof held and claimed said lot or survey under said deed.
- 4. After showing that the indebtedness of the estate of K.N. Bowington, deceased, has been paid, or is no lien upon the premises, the taxes paid, and the above showing made with reference to deed No. 22, the transaction may proceed in usual course to deed and voucher, and if thought necessary or advisable resubmitted to me at Los Angeles, for final review.
- 5. I shall be in Los Angeles in about two weeks, and official mail may be addressed to me there.

Subject: Elisabeth Bowington title.

- 1. Reference is had to your opinion dated June 22, 1918.
- 2. The deed of trust abstracted as entry No. 18 has been given more fully, as suggested in paragraph 5 of your opinion. This abstract at length appears as an unnumbered page following page 30 of the abstract. The abstract is mailed herewith.
- 3. The vendors' liens abstracted at entries Nos. 27 and 46 have expired by limitation. (See sec. 5694, Sayles Texas Stats.)
- 4. Release of land in which the United States is concerned has been secured and put on record, so that the trustee deed dated July 23, 1915, running from K. N. Bowington and wife to J. F. Prima (entry No. 52), will no longer operate as a lien
- 5. The Chalkey and Summerfield initials have been cleared up, both discrepancies having been errors on the part of the abstractor.
- 6. We are securing from Mr. Goen, attorney for Mrs. Bewington, evidence that there are no debts against the estate that will operate as a lien against the right of way to be vested in the United States.
- 7. The land description at entry No. 22 of the abstract is correctly abstracted, so there is an error in the instrument of conveyance. However, Survey No. 102 is specifically referred to and the conveyance passed June 22, 1898, or more than twenty years ago. In view of these facts, it is suggested that we might waive the defect in description. Your further advice is requested as to what course we are to pursue if you cannot waive the defect. Mr. Goen says the parties to the conveyance are unknown to him and he does not know where to look to find them.
- 8. Kindly advise if we may proceed with warranty deed running from vendor to the United States.

Gentlemen:

Referring to Entry No. 18 of the Elizabeth Bowington abstract, which is a deed of trust dated July 2, 1888, running from T. C. Lutterloh and wife to M. J. Dart, trustee for J. B. Watkins, beneficiary (Book 7, page 14), it is noted that this deed is described as containing "power of sale on default." It is requested that this deed be more fully abstracted so as to show the conditions under which the sale could be made and deed given, in order that it shall appear whether or not the trustee conformed to his powers.

At Entry No. 23, warranty deed dated June 1, 1900, J. B. Watkins and others, including one M. Summerfield (Book 49, page 565) conveyed land to Watkins Land Company, deed being signed by H. Summerfield and acknowledged by E. Summerfield. We ask that you kindly check up on the initial "H" which you have noted as being used in the signature to this deed, when the name in the body of the deed and in the acknowledgment is given as being with the

initial "M".

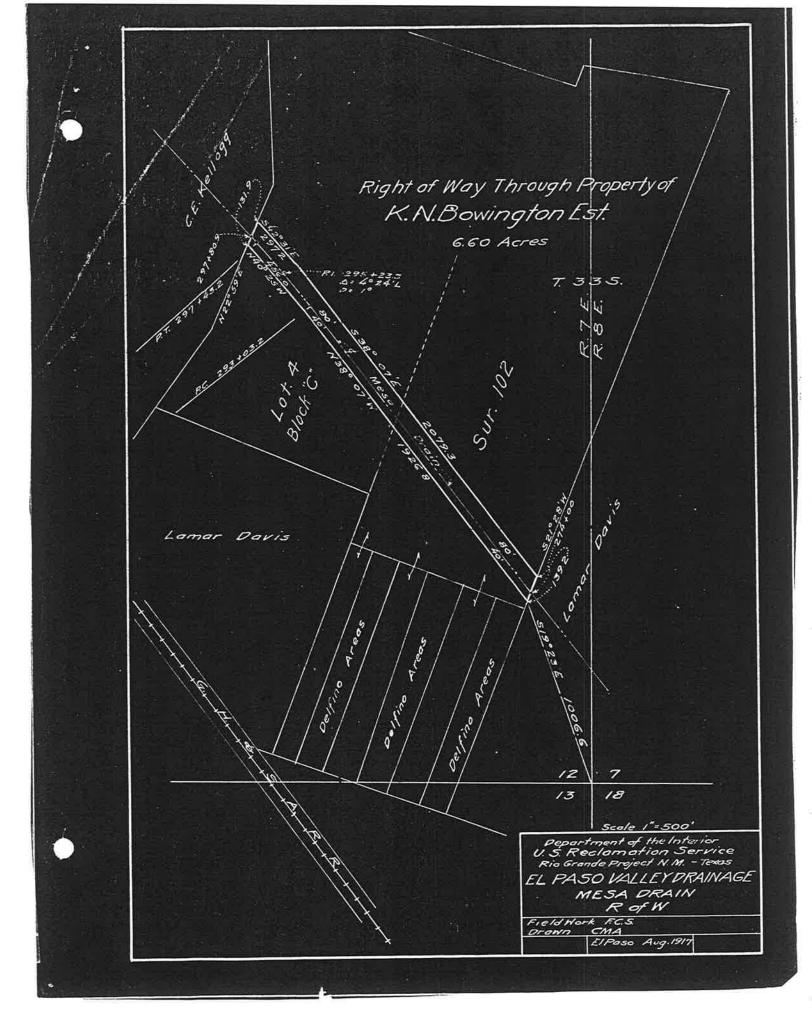

At Entry No. 22 a part of the description of the land appears to have been omitted. This may or may not be an error in abstracting, and we invite your attention to it. The description in the abstract reads:

"(Among other property) Lot 102. beginning at a stake N.W. corner of a 25 acre survey made for Tomas Carcia at 900 varas S.E. corner of a 25 acre survey made for Carles Garcia from which an alamo 12 inches in diameter bears S. 29°E. 33 varas and 3 alamos bear N. 11° E. 19 varas; thence N.69°E. 367 varas a stake; thence S. 21°W. 900 varas N.E. corner of Mariano Ariad, thence S. 69°W. 381 varas to place of beginning, containing in all 61 acres."

Very truly yours,

Mrs. Elizabeth Bowington.

El Paso. Toxas.

Dear Haden:

In examining the title to lands proposed to be conveyed to the United States under your contract dated February 16, 1918.

the following matters are noted.

Vendor's liens were reserved in the conveyance by warranty deed dated July 10, 1907, running from H. H. Richardson and wife to K. N. Bowington and transferring title to Survey No. 102 of The San Elizario Grant. The note: covered by the lien was wards transferred to the Rio Grande Valley Trust Company. tries Nos. 27 and 28 of the abstract.) after-

Also, vendor's liens were reserved in the conveyance by warranty deed dated February 18, 1907, running from Laura A. Loomis to H. H. Richardson, transferring title to Lot f of Block C of the San Elizario Grant. The title then runs from Richardson to K. N. Bowington. (Entries Nos. 46 and 47 of the abstract.)

There is also a trust deed dated July 23, 1915, running from K. N. Bowington and Elizabeth Bowington to J. F. Primm, trustee for the American Trust and Savings Bank, to secure a

trustee for the American Trust and Savings Bank, to secure a note for \$6,000, which deed includes, among other lands, Survey No. 102 and Lot 4 of Block C and Lot 3 of Block C.

It does not appear that the above encumbrances were ever cleared of record. You probably have evidences in your possession that the indebtedness represented by these encumbrances has been paid, and of course we will have to obtain such evidence and possibly put it in shape to be recorded.

The title to Survey No. 102 passes through a deed dated June 22, 1898, to one L. T. Chalkey. By a deed dated June 1, 1900, T. H. Chalkey conveys to other parties. Do you know who this Chalkey is, or can you supply information that will help us to explain this difference in the initials? It must appear that the grantee and grantor in the respective deeds is the same

It must also be shown that the indebtedness of the estate of K. N. Bowington has been paid or is not a lien against the

land to be conveyed to the United States.

The abstract shows unpaid taxes as follows: For the year 1908, Survey 4 of Block C. \$5.13.
For the year 1909, Survey 4 of Block C. \$9.79.
For the year 1915, Survey 4 of Block C and Survey 102, \$66.66.
For the year 1916, Survey 4 of Block C and Survey 102, \$72.46.
These and subsequent taxes (for 1917) should be paid in full before the United States can accept title.

If you will write this office in reference to the above matters, or else call, we will endeavor to cooperate with you in clearing your title.

Very truly yours,

PW DENT OFH

District Counsel.
