- 2. In consideration of the premises the vendor further agrees upon receipt of notice that this agreement has been approved by the Comptroller or Director of the Reclamation Service to furnish promptly, at his own expense, an abstract of title which shall later be extended to include any instruments subsequently recorded in connection herewith and also the record of the conveyance made pursuant to this agreement: *Provided*, That if the vendor fails or refuses to furnish proper abstract of title within sixty days after notice that this agreement has been approved, or if within such period written request be made by the vendor, such abstract may be procured by the United States at the expense of the vendor and the cost thereof deducted from the purchase price.
- 3. The vendor further agrees to procure and have recorded at his own cost all assurances of title and affidavits which he may be advised by the proper Government officials are necessary and proper to show complete title in fee simple unincumbered, and the time spent in procuring, recording and transmitting the same to the officer acting on behalf of the United States (and in furnishing or securing abstract of title) shall be added to the time limit of this agreement.
- 4. And for the same consideration the vendor agrees to execute and deliver, upon demand of the proper officer of the United States at any time within the continuance of this agreement, a good and sufficient deed of warranty conveying to the United States good title to said premises free of lien or incumbrance.
- 5. In consideration whereof, the United States agrees that it will purchase said property on the terms herein expressed, and upon execution and delivery of such deed and the signing of the usual Government vouchers therefor, and their further approval by the proper Government officials, it will cause to be paid to the vendor as full purchase price and full payment for all damages for entry upon the above-described land and the construction, operation and maintenance of reclamation works under

said act, the sum of substance thirty clothed in no (100 2750.00)

dollars, by U. S. Treasury warrant or disbursing officer's check.

6. Liens or incumbrances existing against said psemises may, at the option of the United States, be removed at the time of conveyance by reserving the amount necessary from the purchase price and discharging the same with the money so reserved, but this provision shall not be construed to authorize the incurrence of any lien or incumbrance as against this agreement, nor as an assumption of the same by the United States.

7. It is agreed that the vendor may retain possession of said premises until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided, and may harvest and retain the crops thereon until notwithstanding earlier delivery of the deed as herein provided.

except that the proper officers and agents of the United States may at all times have unrestricted access to survey for and construct reclamation works, telephone and electrical transmission lines, and other structures and appliances incident to said reclamation works, pursuant to said act of Congress, free of any claim for damage or compensation on the part of the vendor.

- 8. This agreement shall become effective to bind the United States to purchase said premises immediately upon its approval as above specified, and shall terminate by limitation at the expiration
- of months from its date, unless extended as above provided, and shall inure to the benefit of and be binding upon the heirs and assigns of the vendor, and also the assigns of the United States.
- 9. No Member of or Delegate to Congress, or Resident Commissioner, after his election or appointment or either before or after he has qualified and during his continuance in office, and no officer, agent or employee of the Government, shall be admitted to any share or part of this contract or agreement, or to any benefit to arise thereupon. Nothing, however, herein contained shall be construed to extend to any incorporated company, where such contract or agreement is made for the general benefit of such incorporation or company, as provided in Section 116 of the Act of Congress approved March 4, 1909 (35 Stat., 1109).

It is understood and agreed that there will be constructed by and at the expense of the United States a three ton farm bridge. of the standard design adopted and now being used on the Rio Grande project, said bridge to be constructed at Station 72 plus 00 of the El Paso Valley Mesa Drain of the Rio Grande project, and work thereupon shall be commenced and completed within a reasonable time after excavation of said drain at the point mentioned. It is further understood and agreed that the vendor and his heirs and assigns will maintain said structure in good condition at all times and that the United States shall not be liable for any damage occurring from lack of proper maintenance of said structure.

The contractor expressly warrants that he has employed no third person to solicit or obtain this contract in his behalf, or to cause or to procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement; and that he has not paid, or promised or agreed to pay, to any third person, in consideration of such procurement, or in compensation for services in connection therewith, any brokerage, commission, or percentage upon the amount receivable by him hereunder; and that he has not, in estimating the contract price demanded by him, included any sum by reason of any such brokerage, commission, or percentage; and that all moneys payable to him hereunder are free from obligation to any other person for services rendered, or supposed to have been rendered, in the procurement of this contract. He further agrees that any breach of this warranty shall constitute adequate cause for the annulment of this contract by the United States, and that the United States may retain to its own use from any sums due or to become due thereunder an amount equal to any brokerage, commission, or percentage so paid or agreed to be paid.

IN WITNESS WHEREOF, the parties to this agreement have hereunto set their hands the day and year first above written.

With reference to purchase of 2.39 acres of land from I. G. Gaal et al. under contract with I. G. Gaal deted Jenuary 4, 1919, and title guaranty issued in connection therewith dated April 19, 1921:

That the amount to be paid, \$211.50, as stated in the attached warranty deed running to the United States and dated April 5, 1921, and the acreage thereby conveyed, which is 2.29 acres, is the belance due on Tract Mo. 2 as described in the agreement to sell dated January 4, 1919, the title to this portion of the entire tract Mo. 2 being in dispute at the time partial settlement with I. G. Gaal was made for the remainder, as explained in memorandum by C. F. Hervey, Clerk, under date of December 17, 1919, copy of which is attached hereto; that since the execution of the agreement to sell the wife of I. G. Gaal departed this life, and that the children of the vendor, as stated in his affidavit (copy attached) are Charles B. Geal, Lillian M. Eden, F. F. Gaal, and G. F. Geal; all of whom have joined in execution of the warranty deed running to the United States, and that payment should be made by check drawn jointly to them and to I. G. From District Counsel

Subject: Certificate as to taxes, etc., in connection with land purchases upon title guaranties - Rio Grande project.

- 1. In a number of recent cases your office has referred to the Project Manager at MI Paso papers relating to land purchases supported by title guaranty, which guaranty includes a statement as to taxes, out, as is usual in such guaranties, expressly excepts the liability thereon which might attach by reason of liens for unpaid taxes. The memoranda accompanying these papers ask for certificate by District Counsel to the effect that the land described in the tax statement covers that acquired by the United States, as the land descriptions found in the tax statements are different from those used by the Service. Request is also made (as in the case of the I. G. Gaal purchase under contract with this party dated January 4, 1919) that I certify to the effect "that there are no liens or encumbrances of any kind on said land." I am not sure that this latter certification is desired, since in paragraph 2 of Mr. Buck's memorandum it is stated that the only matter to be explained is that of taxes. In any event the matter of liens and oncumbrances is fully covered by the certificate, this being one its main offices. The certificate guaranties indefeasable title free from all liens except for taxes.
- 2. As to the requirement that I certify that the tax certificate relates to the land acquired by the Government, this will hereafter be done, so far as possible. I can only certify that this is true according to the best information obtainable. Of course, I cannot change or supplement the tax records, which are almost always somewhat uncertain and we must take them as they are found. No certificate of this nature has heretofore been required or furnished, for the reason that reliance was had upon the title company's securing a tax statement that was pertinent in a given case (otherwise it would not be attached), and we have confidence that the showing thus made is as reliable as can be obtained. It is unfortunate that land descriptions used in the local tax records are not such as to make a clear showing on the

Bove point. The Service ran out surveys in El Paso County according to the Land Office system and our right of way descriptions are based exclusively on these data, but they are entirely foreign to the county records. It may also be added that the tax records even in connection with the usual descriptions found in abstracts or otherwise pertaining to a chain of title, are often vague and the source of more or less guess work. For this reason the tax collector will not furnish a clear-cut certificate such as we should like, and is usually furnished where lands are described by legal subdivisions. In all cases we secure the best and most definite certificates obtainable.

- other than for possible taxes, I trust the examiners will not insist upon my personal certificate upon this matter. The title company will not issue their quaranty if liens (other than taxes) are not first removed, and the guaranty is expressly against any defect in title arising from such other liens or otherwise. It is a practical impossibility for anyone personally so to certify without duplicating the tark of the title runnanty company, whose legitimate function this particular work is.
- 4. There is another matter relating to this procedure which it would be well to take up at this time. Heretofore is has been the custom to include in the title papers where title contificates are furnished, the letters of April 11, 1918, and June 26, 1918, from Chief Counsel to Bistrick Counsel, in accordance with instructions contained in the last para raph of the latter communication, those letters to constitute a showing of authority for use of the title scarametric of the letters here referred to were written accore the contract with the Figure Abstract and Title Guarantee Company of June 5, 1919, was made, which contract colls for the furnishing of text statement by the county text collector in the form now being used in connection with the guaranty. Ineviously the company did not furnish text certificate, which was therefore supplied by District Counsel for vant of cometting better. The combination of certificate by county text collector and transmission of the Chief Counsel, constitutes a procedure that is rather confusing and embodies instructions no longer applicable, though we have not felt varranted in discontinuing the practice. Also, in the letter of April 11, 1918, there is a reforence to the W. L. Tooley land purchase, which reforence, I believe, is not now a matter of substantial

consideration, in view of general authority to use title guaranties and for special clause in the agreements to sell land contained in letter from the Director's office to Chief of Construction dated February 5, 1920; subject: Special provisions for abstract of title and title insurance certificates, to be used in land purchase contracts. In view of the foregoing it is suggested that instead of transmitting copies of the letters from Chief Counsel, it would probably be the better practice to incorporate in the papers at some appropriate place a reference to the letter last above mentioned. This could be embodied in my certificate connecting up the tax statement with the land purchased, or otherwise as may be desired.

as possible to the end that they may prove to be the means of climinating all labor as far as consistent with full security to the Government. Hence, while we wish to have the examiners fully advised in the premises, we do not wish to cumber the record with any matters not absolutely essential, and all to the end that vouchers may be approved for payment without unnecessary delay. If a landowner is kept out of his purchase money for any great length of time after we have cut up his farm with a ditch and after deed to the Government has been executed, he becomes a rather difficult person to deal with, and anything your office can do to facilitate these matters will be greatly appreciated. I should appreciate any helpful suggestions your office may be able to make to meet the situation outlined herein.

Gentlemen:

Transmitted herewith is application for title certificate to cover 3.43 acres granted to the United States by I. G. Gaal in deed dated October 9, 1919. This is the tract of land to the north of that lying near the Chimney tract.

The consideration to be paid is a portion of the \$426.50 named in the above mentioned deed, and as these two tracts of land are involved in the same transaction with Mr. Gaal it is not possible to state the exact amount that applies to each. However, we understand that title certificate will issue covering both this upper and the lower tract and that the above amount can be named in one certificate covering both tracts.

Gentlemen:

With reference to title certificate for two tracts of lend lying just above the Chimney tract (Survey 121 - San Elizario Grant) and lying along the west side of the G.H. & S.A. Railway, you are advised that we have obtained Mr. Gaalfs deed to these two tracts of land, the upper one being 2.33 acres and the lower one, immediately above the Chimney tract being for 5.1 acres. The deed is today being sent for record and the land as finally acquired is shown on the attached blueprints. You will note that the lower tract excludes all of land in survey 121, title to which is in litigation. We understand that you can issue title certificate for the land now conveyed to the United States and are advising you as herein, in order that you may do so.

Memorandum in reference to payment of \$426.50 to I. G. Gaal under contract with him dated January 4, 1919.

This contract calls for payment of \$738 for two tracts of

land containing 5.43 acres and 7.49 acres.

As to the tract containing 7.49 acres, a portion of this containing 2.39 acres of what is known as the Chimney Tract, or Survey No. 121, of the San Elizario Grant, is of doubtful title, being the subject of a boundary dispute which will probably be followed by litigation. It is therefore feasible to pay Mr. Gaal for only such portion of the land for which title guaranty can be secured, and the guaranty does not run to the land known as the Chimney Tract. Deducting 2.39 acres from 7.49 acres, leaves 5.10 acres, which is described in the warranty deed and blueprint attached.

The amount to be paid Mr. Seal is \$426.50, and is arrived at as follows: The 8.30 acres of actual right of way deducted, as above stated, at \$50, the rate originally allowed, amounts to \$119.50. An amount of \$192 had also been allowed under the original contract, which amount was for 3.84 acres of the Chimney Tract at \$50, this acreage having been cut off by the actual right of way, but which is involved in the title to the Chimeny tract and which therefore carried now properly be need. right of way, but which is involved in the title to the Chimer tract and which therefore cannot now properly be paid. These two amounts, 119.50 and 192, total 1311.50, and this amount deducted from 1738 leaves 1426.50, the amount now to be paid.
