APR 5 1962

To: Project Manager, El Paso, Texas

From: ^{TOP} Regional Director

Subject: Contract and Grant of Right-of-Way Easement, Erich Brandes, L. T. Stock and S. Leslie Hays - Rio Grande Project, Texas

As requested in your letter received March 28, 1962, we have had a review of the easements as to form and legal sufficiency by the Field Solicitor. The Field Solicitor states as follows:

"Based upon our examination of the material described above, we are of the opinion that there has been a sufficient showing that title to each of these tracts is vested in the respective grantors to fulfill the requirement set forth in Reclamation Instructions 213.3.19."

The Field Solicitor, however, does call to our attention the easement obtained from S. Leslie Hays and Helen Louise Hays, covering certain lands in the E $\frac{1}{2}$ of section 26, T. 28 S., R. 3 E., Dona Ana County, New Mexico, showing execution by "Helen Louise Days." The Field Solicitor feels that the original instrument should be checked to ascertain whether the grantor actually signed her name in this way. If Mrs. Hays did sign her name as Days, then a correction should be made and the Field Solicitor's office notified.

From: Project Manager

Subject: Contract and Grant of Right-of-Way Easements with
Erich Brandes, L. T. Stock, and S. Leslie Hays -
Rio Grande Project

Enclosed are two conformed copies of four separate easements required for the relocation of a portion of the Montoya Lateral "D", an irrigation facility of the Rio Grande Project.

The easements have been executed and recorded.

The United States has no record title to the right-of-way occupied by the abandoned portion of the lateral. This abandoned right-of-way will revert to the grantors.

Also enclosed are two copies of a Certificate of Inspection and Possession and Certificate of Title for each easement.

Please review the Easements as to form and legal sufficiency. I request that no further assurance of title than that set forth in the Certificate of Title be required since these are donation easements.

W. F. Resch

CERTIFICATE OF INSPECTION AND POSSESSION

I, Luther Mc Analty, chief,
 Las Cruces Irrigation Field Branch, Rio Grande Project, Bureau
 of Reclamation, Department of the Interior, hereby certify that
 on the 16th day of Feb., 1962, I made a per-
 sonal examination and inspection of that certain tract or parcel of
 land situated in the County of El Paso, State of Texas
, and particularly described in SCHEDULE A hereof
 and containing 0.45 acres, more or less, proposed to be
 acquired by the United States of America in connection with the
relocation of the Montoya Lateral "D", a facility of the
 Rio Grande Project, from Erich Brandes and Anna Grace Brandes, his wife.

1. That I am fully informed as to the boundaries, lines and corners of said tract; that I found no evidence of any work or labor having been performed or any materials having been furnished in connection with the making of any repairs or improvements on said land; and that I made a careful inquiry of the above-named vendors, and of the occupants of said land, and ascertained that nothing had been done on or about said premises within the past 36 months that would entitle any person to a lien upon said premises for work or labor performed or materials furnished.

2. That I also made inquiry of the above-named vendors, and of all occupants of said land, as to their rights of possession and the rights of possession of any person or persons known to them and neither found any evidence nor obtained any information showing or tending to show that any person had any rights of possession or other interest in said premises adverse to the rights of the above-named vendors or of the United States of America.

3. That I was informed by the above-named vendors, and by all other occupants, that to the best of their knowledge and belief there is no outstanding unrecorded deed, mortgage, lease, contract, or other instrument adversely affecting the title to said premises.

4. That to the best of my knowledge and belief after actual and diligent inquiry and physical inspection of said premises there is no evidence whatever of any vested or accrued water rights for mining, agricultural, manufacturing or other

purposes, nor any ditches or canals constructed by or being used thereon under the authority of the United States, except the Montoya Lateral "D", an irrigation facility, owned, operated and maintained by the United States, nor any exploration or operations whatever for the development of coal, oil, gas, or other minerals on said lands; and that there are no possessory rights now in existence owned or being actively exercised by any third party under any reservation contained in any patent or patents heretofore issued by the United States for said land.

5. That to the best of my knowledge and belief, based upon actual and diligent inquiry made, there is no outstanding right whatsoever in any person to the possession of said premises nor any outstanding right, title, interest, lien or estate, existing or being asserted in or to said premises except such as are disclosed and evidenced by the public records.

6. That the premises are wholly unoccupied and vacant except for the occupancy of the United States of America.

Luther M. Cunniff

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF RECLAMATION
RIO GRANDE PROJECT, NEW MEXICO-TEXAS

CONTRACT AND GRANT OF RIGHT-OF-WAY EASEMENT

THIS CONTRACT, made this 31 day of Jan., 1962, pursuant to the Act of Congress approved June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, including particularly the Reclamation Project Act of 1939 (53 Stat. 1187), between THE UNITED STATES OF AMERICA, and its assigns, hereinafter styled the United States, represented by the officer executing this contract, and ERICH BRANDES and ANNA GRACE BRANDES, his wife, their heirs, successors, and assigns, hereinafter styled the Grantor.

WITNESSETH THAT:

2. For and in consideration of the sum of one dollar (\$1.00) receipt of which is hereby acknowledged, the Grantor does hereby grant and convey to the United States, and its assigns, an exclusive right, privilege, and easement to construct, replace, operate and maintain ditches, canals, laterals, drains, aqueducts, water conduits, fences, bridges, roads, telephone and telegraph lines and any other structures or facilities the United States may deem necessary or desirable for the construction, operation, and maintenance of the Rio Grande Project, and the exclusive right, privilege, and easement to remove from or place on earth and rock, with the right of ingress and egress for the purpose of carrying out the easement granted, in and upon that certain tract or parcel of land situate, lying and being in Tract 16, and 17 of Outlaw Acres Subdivision in Tract 21, Block 5, Upper Valley, El Paso County, State of Texas, Survey of said land being approved by the Commissioners Court of the County of El Paso on December 12, 1932, and being more particularly described in Schedule A hereof.

3. Any portion of the above described tract of land not fenced by the United States may be used by the Grantor at his own risk, for any purpose which will not in the opinion of the Project Manager, Rio Grande Project, interfere with the easement herein granted to the United States, and in connection with any use by the Grantor, he agrees to hold the United States harmless from all liability for damage and claims therefor, arising directly or indirectly from such use, and will reimburse the United States for any damages resulting from its use thereof to structures of the United States located on said right-of-way. The Grantor does hereby agree and covenant that no portion of this easement will be occupied by farm water conveyance ditches or laterals that are constructed by the Grantor or his assigns.

4. This grant of easement is subject to existing rights or easements, if any, in the above described land for railroads, pipe lines, power lines, telephone and telegraph lines, roads, highways, ditches or canals, and any existing reservation of mineral rights, and the following listed leases:

None

5. This grant of easement is also subject to the following described mortgages, deeds of trust, or other liens and encumbrances and no others:

None

6. The Grantor does hereby covenant that at the delivery of this easement, he is lawfully seized, in his own right, of an absolute and indefeasible inheritance, in fee simple, of and in all and singular the tract of land covered by this easement, free and clear of encumbrances or liens except as listed herein, and will warrant and forever defend the same unto the United States against said Grantor, and all and every person or persons whomsoever lawfully claiming or to claim the same.

7. It is expressly stipulated that upon permanent abandonment of this easement, as evidenced by written notice to that effect from the Secretary of the Interior to the occupant, the right, privilege, and easement granted herein shall terminate and the interest of the United States hereunder shall revert to the Grantor.

8. The United States will abandon that portion of the existing Montoya Lateral "D" made unnecessary by the realignment upon completion of construction of the relocated Montoya Lateral "D" through the parcel of land shown on Drawing No. 23-503-6496 attached hereto and more particularly described in Schedule A hereof. The said abandonment shall not be effected until the United States has satisfied itself that the Grantor herein has a good and marketable title to the lands of the relocated right-of-way, free and clear of any liens or encumbrances, except those herein specifically mentioned. In the event said Grantor does not have a good and marketable title, or if liens or encumbrances other than those herein specifically waived by the United States by the provisions hereof, are found to exist, the United States may, at its option require the Grantor to furnish satisfactory title or may itself obtain the instruments necessary to provide same, and may recover the cost of obtaining the same from the Grantor.

9. The Grantor agrees, at his own expense, to move onto the right-of-way of the realignment of the Montoya Lateral "D" the earth fill material necessary for the construction of the lateral and to remove the banks and fill the existing ditch.

10. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise herefrom, but this restriction shall not be construed to extend to this contract if made with a Corporation or Company for its general benefit.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed the day and year first above written.
