Dear Sir: -

I notice that you are coming in on my land farther than your Right-of-way Agent said he was going to. If you carry the canal as you now have it staked out, I expect you to pay for my land. There is also a fence there, and I expect you to put up a fence when you get through.

Respectfully yours,
Ellen Kelly.

Dear Sir :-

This is to acknowledge your communication of May 10th in reference to drainage ditch to be constructed through the San Elizario grant. It will be our pleasure to donate such ground through survey #23 necessary to complete the ditch, as indicated by your Blueprint enclosed but in giving the land for this purpose we desire that it be understood that there will be at least one bridge constructed at the expense of the District to connect the two pieces in Survey #23, which will be separated by the ditch and not accessible without such a bridge.

We desire that this letter be made a part of the contract which we have signed and are enclosing herewith.

Yours very truly,

THE H. LESINSKY COMPANY
