SOB RECONSTRUCTION PROJECT

El Paso County Water Improvement District No. 1.

El Paso County, Texas.

A PETITION

For the

ENLARGEMENT, RECONSTRUCTION AND EXTENSION

Of the

SAJALRAL-CLINT LATERAL
SYSTEMS

By

THE UNITED STATES RECLAMATION SERVICE

From the landowners and water users in said District receiving irrigation water for their lands through said lateral systems, granting necessary right of way for performing the desired enlargement, reconstruction and extension and approving the plans therefor subject to the clauses and conditions stated in the petition.

P E T I T I O N.

For the Enlargement, Reconstruction
and Extension of the Salatral and
Clint Lateral System.

State of Texas,)
) SS.
County of El Paso.)

KNOW ALL MEN BY THESE PRESENTS That:

WHEREAS, we the undersigned owners of land and water users securing water for irrigation through the Salatral and Clint Lateral Systems, located in the County of El Paso, State of Texas, realizing that the two main laterals serving the area in which our lands are located, namely, the Clint and Salatral laterals, are insufficient in capacity to adequately and efficiently deliver the proper amount of irrigation water for the most beneficial irrigation of all the lands under said systems, and

WHEREAS, the banks of the present ditches are not of sufficient strength to prevent frequent breaks, causing damages to crops and delays in irrigation deliveries and as the alignment of said ditches can, in many places be improved, and the general grade be raised to more efficiently deliver irrigation heads to the higher lands, and

WHEREAS, there is badly needed an extension of these two laterals for the purpose of allowing the waste water to find its way back to the river, we

NOW, THEREFORE, hereby petition the United States Reclamation Service to carry out such necessary construction and renewals in accordance with plans formulated or hereafter to be formulated by engineers of the Service, under the provisions of the Act of Congress approved June 17, 1902 (32 Stat. 588) and Acts amendatory thereof, and pursuant to contract dated June 15, 1920, between the Secretary of the Interior and the El Paso County Water Improvement District No. 1, for the construction of irrigation and drainage works in said District.

FOR AND IN CONSIDERATION of the benefits to be derived from said improvements, we hereby agree to transfer to the United States, when requested to do so, by quitclaim deed or other instruments, the necessary additional and new right of way for carrying out said enlargement, reconstruction and new construction work on said lateral systems. It is understood that the United States will repair and rebuild all existing fences along the lines of the present laterals when during the course of work it becomes necessary to either temporarily remove or to set them out on the new right of way line.

Attached and made a part of this petition is a map showing general layout of the proposed combined Salatral and Clint Laterals profiles showing proposed section and grades of the new and reconstructed laterals and also a preliminary estimate showing the estimated probable cost of the proposed work. It is not to be assumed that the entire plan of construction or reconstruction can be accomplished during the present winter season of 1920-21 unless sufficient construction forces are available to accomplish the work before the beginning of the coming irrigation season and sufficient satisfactory bids received to permit the work to be done within the estimated cost but it is desired that a comprehensive plan for the final completion of said enlargement, reconstruction and extension, as rapidly as funds and forces will permit, be considered and same is hereby approved in order that the work may progress as rapidly as possible until its final accomplishment is realized.

WITNESS, our hands and seals this day of A. D. 1920.

KNOW ALL MEN BY THESE PRESENTS: THAT we, L.R. Thomson,

J. J. Schainer and M. Jungjohann, duly elected,

qualified and acting Commissioners of the Salitral Community Ditch, of the County of El Paso, State of Texas, for and in consideration of the sum of One Dollar (\$1.00) to us in hand paid by the United States of America, acting pursuant to the Act of Congress of June 17, 1902, (32 Stat., 386) and other good and valuable considerations, the receipt whereof is hereby acknowledged, do by these presents Bargain, Sell, Release and Forever Quit-Claim, unto the said United States of America, its successors and assigns, all the right, title and interest of the said Salitral Community Ditch in and unto that certain portion of the Salitral Ditch lying in the County of El Paso and State of Texas, from the point of its diversion from the San Elizario Ditch to the point of its intersection with the Franklin Canal, more particularly described in blue print hereto attached and made a part hereof; also all interest of said Salitral Community Ditch in and to that part of the San Elizario Ditch system used jointly by the Salitral, San Elizario and Clint Ditches.

TO HAVE AND TO HOLD all the right, title, interest, estate and claim of the said Salitral Community Ditch in and to the said premises, together with all and singular, the rights, privileges and appurtenances to the same in any manner belonging, unto the said United States of America, its successors and assigns forever; Provided: That nothing herein contained shall be construed as a conveyance, interference with or in any wise affecting the vested right of any holder of rights in the said Salitral Ditch to the use of water from the Rio Grande.

This deed shall become effective to transfer the above described property and rights upon the approval of the Secretary of

the Interior or the Director and Chief Engineer of the U. S. Reclamation Service.

WITNESS our hands this the 13th day of January.

A. D. 1917.

INSTRUCTIONS.

1. This form is devised to render unnecessary the writing in the Washington office and in the field of various routine letters in reference to contracts.

2. The project or other office where the contract originates will transmit one copy of this form in excess of the number of offices which are to be advised of approval. For example, in the usual case where the project manager and Chief of Construction are to be advised, three copies should be sent to the Washington office.

3. The Chief of Construction will make proper notation on his copy of the contract showing the date when the contract is forwarded by him.

4. Any special matter or information relative to the contract too long to write on the form should be set out in a statement or certificate accompanying the other papers.

5. When reference is made to previous correspondence the dates thereof should be given.

CERTIFICATE

I HEREBY CERTIFY that the community ditch, described in attached deed of January 13, 1917, from the Commissioners of the Salitral Community Ditch, was constructed by a voluntary association of land owners, and that there are no deeds of record conveying to the land owners an easement or right of way for said ditch, and that said ditch has been constructed and in existence for more than the statutory period of limitation, so that title by prescription has been acquired;

That said property is not subject to taxation under the laws of Texas and that neither the tax records nor other county records contain any instruments affording basis of title.

There are no liens against the property
